GCCS students of all ages will learn how to articulate and enunciate Chinese characters, along with the ability to recite Chinese stories, poems, and literature in a way that is entertaining and pleasing to hear. Students will not only have an opportunity to improve their Chinese and Chinese-speaking skills, they will also be able to act out their favorite characters, and have a good time! This class is a balance between having fun, being creative, letting loose, and learning about how to perform and speak in front of an audience with confidence...like a performer!
